Hi Rebecca,
Yes, I expect some follow-up work, so keep it open for now. Thanks for asking.
-Janette

Good afternoon Janette,

Below Aaron noted he has provided his comments on the Carbon Dioxide Neutralizing Pilot Study. Do you anticipate that Aaron's support back-checking responses will be needed in the coming month or would you like me to turn the project back into inactive status? Thank you much!

In the past, EPA would compile and send the comments to the contractor and then we'd all have a meeting to discuss. But Janette hasn't said yet if that's her plan.

Aaron

Thanks Aaron!

Has EPA relayed that you would likely need to backcheck or provide more comments anytime soon? Trying to decide if I should shut the labor codes down again until the next piece of work comes up since it is fairly infrequent.

Hi Rebecca,

FYI, I sent the Rhone Poulenc Pilot Study report comments to EPA this morning.

Regards,

Aaron King, P.E.

Hi Janette,

Good morning. I have reviewed the report and my comments are attached. Please let me know if you have any questions.

Thank you,

Aaron King, P.E.

Janette,

As requested, I have reviewed the Rhone Poulenc Carbon Dioxide Neutralization Pilot Study and have comments which are attached in a Word document.

Please let me know if you have any questions.
